

LET'S CELEBRATE!

Check out our Party Themes!

EXPRESSIVE ANIMALS

Kids learn how to use simple lines and images to express emotions – from curious to excited, from skeptical to surprised! They experiment with color, and sculpt their very own expressive animal emojis that are attached to a canvas in a pop-art style!

DRAGONS AND UNICORNS

Kids choose between two magical creatures. They design and paint a unique canvas background, creating their own fantasy world, and then add a sculpted dragon or unicorn head to give it a three-dimensional pop! This project really lets their imaginations soar!

PERSONALIZED PILLOWCASES

Kids explore their imaginations and design pillowcases to represent their dreams, goals and aspirations! Kids draw creative ideas onto sandpaper, and we transfer these drawings onto a pillowcase to decorate and keep. Rest assured that this party will inspire sweet dreams!
